## DAY 1 - Tuesday - VAGAR ISLAND

Upon arrival our guide welcomes the travellers and drives them to Hotel Vágur.

Following a short welcoming talk, a 2-hour guided tour around the area takes place, reaching the picturesque villages of Bøur and Gásadalur. Here you visit Mulafoosur, the famous waterfall that falls into the sea. Until recently the only way to get there was on foot across the mountains, although now a tunnel connects the two villages. Even so, Gásadalur still retains its authenticity and charm.

This tour offers an exceptional view of the fjord, the Tindhólmur islet and the Mykines island.

Accommodation at Hotel Vagar (2 nights)

## DAY 2 - Wednesday - MYKINES ISLAND

We drive to Sørvágur to take the ferry to Mykines where we will hike to the lighthouse in Mykinesislet, a place of beautiful nature known for its rich population of birds.

Here you can see puffins and gannets. Good fitness is required for this trekking.

After about 6 hours in Mykines, return by ferry to Sørvágur and the hotel.

## DAY 3 - Thursday - TRÆLANÍPA & GJÓGV

The day begins with an easy trekking of approx. 2.30h to the cliffs of Trælanípa, where you can see the famous point where an optical effect occurs with the Sørvágsvatn lake and the sea at 2 different levels.

Not far from here we walk to the viewpoint of the well-known Trøllkonufingur (the witch's finger), a curious rock next to the wild Atlantic coast.

Next you cross the first underwater tunnel in Faroe, with the deepest point 105 meters below sea level.

Before reaching the beautiful village of Gjógv we stop to see the views over Funningur, perhaps the best views from a road on all the islands, we

## DAY 4 - Friday - THE NORTHERN ISLANDS

Day for a panoramic tour around the islands of Kunoy, Borðoy and Viðoy, islands with small towns dominated by high mountains with cliffs. The northernmost town, Viðareiði, is also visited. On the island of Kunoy we visit a small forest, unique in the islands.

In the afternoon we drive up to Mount Klakkur. The views from the parking lot are already spectacular, but if you are in good shape you can reach the highest part with your guide to contemplate the best of the views (approx. 1.30h total).

## DAY 5 - Saturday - TJØRNUVÍK & SAKSUN

Today's tour heads to Eiði, passing on the way through Slættaratindur (882 m.), The highest mountain in the Faroe Islands, with a view of the rock formations known as "The Giant and the Witch", in Faroese, Risin og Kellingin.

From Eiði we continue over the "Atlantic Bridge" to Tjørnuvík passing the Fossá waterfall (140m), the highest in the Faroe Islands. In Tjørnuvík we will walk along its beautiful beach.

From here we drive to the picturesque village of Saksun, surrounded by high mountains and a lake with a sandy beach that leads to the Atlantic Ocean.

Finally we arrive to Tórshavn, the smallest capital in the world, where you will spend the next three nights.

Upon arrival you'll join a panoramic tour of the capital. In this tour you will be able to know the most important places in the city, its history and architecture as well as the old part of Reyni, the parliament in Tinganes and Skansin.
